GOVERNMENT OF MADRAS

Abstract.

AGRICULTURE - Stations - Siruguppa Research Station, Bellary district - Tungabadhra experiments - Suggestions in the inspection notes of the Adviser to His Excellency the Governor - Orders passed.

P.W.&C. REVE. DEPARTMENT

G.O.Ms.No.664, dated the 16th February 1945.

Read the following:-

From the Director of Agriculture No.ID.Confdl.44, dated 30th December 1944.

O R D E R:-

The Government have considered the comments of the Director of Agriculture on the work done at the Agricultural Research Station, Siruguppa and direct that the results of the experiments regarding the cultivation and irrigation of black cotton soils should be got into shape at once and published in scientific journals as soon as possible. A report on the action taken should be submitted to the Government in due course.

2. The Government agree with the Director of Agriculture that an officer of the status of Deputy Director of Agriculture is necessary for supervising the work at the Station. The Director of Agriculture is accordingly requested to submit proposals for the appointment of a suitable officer with an estimate of cost at an early date. This officer will be required to go into the several points raised in the inspection notes referred to the Director of Agriculture and submit proposals for the reorganisation of the experiments that are being carried on at Siruguppa. The Director of Agriculture is requested to submit his x recommendations within two months after the appointment of the Special Officer.

3. The Director of Agriculture is requested to submit proposals for improving the amenities for the staff at Siruguppa without waiting for the appointment of the Special Officer.

(BY ORDER OF HIS EXCELLENCY THE GOVERNOR)

SECRETARIAT TO GOVERNMENT
9 APR 1945
MADRAS
DEVELOPMENT DEPARTMENT

Enclosures:

No. A.1.S1C/45 dated 7th April 1945.

Sir,

Sub: Madras Agricultural Service, Agricultural Research Station, Siruguppa - Tungabhadra Project experiments - appointment of a Deputy Director of Agriculture - proposals.

Ref: 1. Para 2 of G.O.No.Ms.664 Development dated 16-2-45.
2. Govt. Memo No.11645 A.I/45 dated 21-3-45.

In order to direct and control the work on the Agricultural Research Station, Siruguppa, in respect of the discovery of the proper handling of water, proper crops to grow, the best rotation in which to grow them and the practical modifications necessary to increase yields, an officer of the status of a Dy.Director of Agriculture is necessary. I recommend that the post of a Dy. Director of Agriculture in the scale of Rs.200-30/2-260-40/2-500/EB-700 plus Rs.50 be created with headquarters at Bellary as a temporary measure until quarters and other facilities are provided at Siruguppa.

2. His functions will be, broadly speaking, to direct and control the work at Siruguppa and other sub stations and demonstration farms including the Bagavadi Demonstration Farm in the Tungabhadra Project area, purely from

-2-

an agricultural point of view.

3. For the time being, I would suggest that his activities should be restricted to Siruguppa with permission to tour when necessary with the prior sanction of the Director of Agriculture in the districts of Bellary, Kurnool and Anantapur which comprise the project area. If work develops at Siruguppa and experiments are extended at other sub stations etc. this jurisdiction may be revised later if necessary.

4. I request that in the circumstances, the Government may be pleased to create the appointment of a Deputy Director for a period of one year in the first instance. Sanction may also be accorded for the employment of the necessary staff of 1 Head clerk on Rs.55-5/2-70 per mensem;
2 lower division clerks on Rs.30-55 per mensem;
1 Typist on Rs.30-55 per mensem,
4 (2) peons on Rs.12-17 each per mensem.

The extra cost of the whole proposal is Rs.16,150/- a year in round figure.

5. A nomination roll will be sent separately.

Your obedient servant,

Bhimanatha — 8.4.45

Sub: MADRAS AGRICULTURAL SERVICE -- Deputy Director of Agriculture for Thungabadra Project Experiments -- Proposals.

--v--

My idea is that the Deputy Director for Siruguppa Experiments should concentrate on the Tungabhadra Scheme without any other extra work. He should be in constant touch with the Tungabhadra Irrigation authorities and will have jurisdiction in all places through which the irrigation passes and will be more a scientific man than anything else. The Regional Deputy Director cannot, therefore, be put in charge of this work. He will have enough work to do without additional work and there is no harm in his Head Quarters being at Bellary. The post of Agronomist cannot be abolished because he has plenty to do as it is. What the Special Deputy Director is expected to do has already been briefly set out in my letter

Order / Resolution Ms. / Rout. No. 2823, dated 19-7-1945.

In order to direct and control the work at the Agricultural Research Station, Sirugppa and the connected sub-stations and farms in the Tungabadhra Project Area, His Excellency the Governor of Madras sanctions the creation of a Deputy Director of Agriculture on Rs.200--700 with a special pay of Rs.50/- p.m. as a temporary addition to Category 2 of the Madras Agricultural Service for a period of one year from date of employment in the first instance. The Headquarters of the Deputy Director of Agriculture will be at Bellary until quarters and facilities are provided at Sirugupa.

2. Sanction is also accorded to the appointment for a period of one year from the date of employment of the following staff to work under the Deputy Director of Agriculture:

(i) one upper division clerk on Rs.55--70 in Category 14 of the Madras Ministerial Service;

(ii) one typist on Rs.30--55 m. in Category 18 of the Madras Ministerial Service;

16

(iii) two peons on Rs.12--17 p.m. each.

The Government do not consider it necessary for the Deputy Director of Agriculture to have ~~the normal~~ staff allowed to a Regional Deputy Director of Agriculture.

3. The expenditure is on a 'New Service' and is debitable to '40. Agriculture'. The Director of Agriculture is requested to submit in due course a supplementary statement of expenditure for authorisation by H.E. the Governor. Pending provision of funds the Accountant General is requested to admit the expenditure in audit.

4. The Director of Agriculture is requested to submit urgently proposals for appointing a suitable officer as Deputy Director of Agriculture.

5. The Director is requested to submit in due course the report called for in paragraph 2 of G.O. No 664 Dev. Dt. 16245 after the Dy Dir is appointed. He is also requested to submit a report by Dy Director of the progress of work done within every quarter.

Subject: Agriculture -- Stations -- Agricultural Research Station -- Siruguppa -- Deputy Director of Agriculture -- and staff -- Appointment -- Porposals.

Issued as Memo.No.11645 A I/45-1 dated 21-5-1945.

From the Director of Agriculture, A.1.910/45 dated 7-4-45

Issued as Memo.No.11645 A I/45-2 dated 18-4-1945.

From the Director of Agriculture, No.A.1.910/45 dated 24-4-1945.

For the investigation of certain factors connected with the Tungabahdra Project, an Agricultural Research Station was established at Siruguppa in Bellary District. The farm was originally under the immediate supervision of ~~a Gazetted Officer~~ an Assistant Agricultural Chemist but it was later considered that an Agricultural Officer of the Category of District Agricultural Officer (an Agronomist with prior experience of irrigation experiments) was desirable and one was appointed. During his recent visit to this station, Mr.Priestley, the then Third Adviser, observed, among others, that the project problems relating to the Tungabadhra Project were not fully studied, and recommended that a competent man of the status at least equal to that of the Engineers with whom he will have to work, be appointed to direct and control the work at the Agricultural Research Station. The Director of Agriculture considered that an officer of the grade of a Deputy Director, capable of handling soil problems may be appointed. The proposals were approved in G.O.No.664 Development dated 16-2-1945 and detailed proposals were called for. In his letter on pages 9--10 c.f. the Director of Agriculture has now submitted detailed proposals for the appointment of a Deputy Director of Agriculture on Rs.200--700 with the usual staff detailed therein. The cost works out to Rs.17,000. The D.A.'s proposals may be approved.

As the proposal is in aid of Grow More Food Campaign though a long term one, it is for consideration whether India will be addressed for a half grant.

As the appointment of the officer is urgent, the proposal may be trated as a 'New Service', orders obtained in full circulation, and H.E.'s authorisation obtained for a supplementary grant in due course.

P.W.D. and Finance may see, for acceptance.

The D.A. has suggested that the headquarters of the proposed Special Deputy Director may be at Bellary as a temporary measure until quarters and other facilities are provided at Siruguppa. If the object of the appointment is to be achieved without delay, it seems necessary that the Deputy Director should be stationed at Siruguppa itself so that he may personally supervise the agronomic and soil experiments. The difficulty about buildings will of course arise but it may be solved by providing kutcha buildings till permanent buildings are constructed.

The suggestion of the D.A. in para.3 on page 6 C.F. as regards Jurisdiction may be approved for the present.

As regards staff, the D.A's proposal is to give the Deputy Director a full complement allowed to the Regional Dy. Directors. It seems sufficient to allow for the present one Upper Division Clerk, one Typist and two Peons. For orders.

The D.A. has proposed a special pay of Rs.50/-p.m. to the Special Deputy Director. G.O.No.1455 Dev., dated 31st March 1944 allows a special pay only to Regional Deputy Directors. On the same analogy the D.A's proposal may be accepted.

TOU.S.

May be perused and passed on to Finance.

This dept may agree with Dev.

P.W.D. No. 11645 A3/45-3

P.W.D.U.O. 2135 D/45-1

Jin. E-II

Please see the orders in circulation on pages 70-71 n/f of G.O. 664 Dev. dy 16.2.45 and the note of Dept. on pages 1-2 above.

2. The question arises whether the need for appointing a Dy. Director of Agriculture continues even now. Recently, the Director had submitted proposals to increase the Number of Dy. Directors in the districts from 5 to 8 so that each Dy. Director may be in charge of about three districts. This Dept. has agreed to only one additional post. It is not known what orders have been passed on that proposal. Even if only one addl Dy. Director is sanctioned, there will be six in all, each in charge of four districts. It seems that by a redistribution of charges, one Dy. Director can be placed in charge of the Hindupur farm (district generally) in addition to the charge of Bellary Land another district. It will be observed from the note of Dept. in para 1 on page 1 ante that a Dt. Agl. Officer is already in charge of the work there. The present proposal to appoint a Dy. Director has not been made in lieu of this post: on the other hand, the intention seems to be to continue the D.A.O also. According to the Director of Agriculture, the functions of the Dy. Director will be, broadly speaking, to direct and control the work at Singuppa

B

Sina 2 on 4.5 b cf

It is doubtful whether this will give whole-time work for an officer. In the circumstances, this dept. may suggest that the proposal to appoint a separate Dy. Director for the work be negatived and that action be taken as indicated at B on page 3 above.

Yes. This arrangement will not be at variance with the orders at (T)/70-71/n

WS

3. If however, the proposal of Dept. is to be sanctioned without modification, the suggestions of that dept. at A, B & C on page 2 above may be agreed to. This dept. may also agree that the Govt. of India need not be asked to give a half-grant in this case.

WS
